Dear Aunt Minnie - Sending
a clipping from the paper
about our mother. It has been
so hard to do without her
but we know that things
comes to us all. We had one
of the best & dearest mothers
and she was so happy with

just as though she was asleep.
Thanks for the telegram you
& Ruthless sent. It was so
nice to know you were
thinking of us. I have my girls
with their children & I love
them but I just feel so
lonely for mother that I
think I will go back on Day
Duty at the Hospital. My
husband is away so much. I

us all. She always told us
we did so much for her
happiness when it came
time for her to go we could
all find it so hard. I took
care of her & was with her to
the end. She had beautiful
flowers both in her home at
Westbrook and at Fort Fairfield.
She did not look her age &

have to much time in my
hands to think. I hope you
& Kathleen are in the best
of health and only happiness
will be yours. With love
Georgia Dockie Jordan.
